

This letter is written to inform the FCC that I benefit from listening to XM Satellite Radio and its traffic and weather channels. Furthermore, satellite radio provides variety and quality that is not available elsewhere. Additionally, I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that listeners willing to spend money on deserve and desire.  
Sincerely,

Kevin Boyd
